### Accolades
The College of Saint Rose has been recognized
as one of "The Best Northern Universities" by
U.S. News & World Report

*Metroland* newsweekly selected The College
of Saint Rose as Best College Campus (Urban)
in the Capital Region

## Mission Statement

The College of Saint Rose community engages highly motivated
undergraduate and graduate students in rigorous educational
experiences. In the progressive tradition of the founding Sisters of St.
Joseph of Carondelet, we welcome men and women from all religious
and cultural backgrounds. In addition to developing their intellectual
capacities, students have the opportunity to cultivate their creative
and spiritual gifts in a diverse learning community that fosters
integrity, interdependence, and mutual respect.

The College delivers distinctive and comprehensive liberal arts and
professional programs that inspire our graduates to be productive
adults, critical thinkers, and motivated, caring citizens. Our
engagement with the urban environment expands the setting for
educational opportunities and encourages the Saint Rose
community's energetic involvement and effective leadership in society.

*Approved by the Board of Trustees, May 2005.*

The College of Saint Rose and its Career Center possess sole
discretion when establishing recruiting relationships aimed at its
students and alumni. This includes posting job and/or internship
vacancies on our website, participating in on-campus recruitment
activities and/or other events hosted by the Career Center and
attendance at site visits.

The College of Saint Rose

OPPORTUNITY

Here is your chance
to promote your
organization to our
students and alumni.

Jobs • Internships

## Your organization can
# CONNECT WITH STUDENTS
### and alumni at
### The College of Saint Rose

There are various ways in which the Career Center offers recruiters to share information about their organization and about opportunities.

### Posting Jobs and Internships

Your organization and positions will be posted on our secure web-based management system. The system has over 3,000 students, alumni and faculty/staff registered. Employers are encouraged to register, view and post their job and internship* opportunities!

These services are all free of charge, but priceless to the networking of your organization.

*Academic internships will be posted, but students need permission from the department to receive credit.*

### www.strose.edu/careercenter

Our comprehensive website contains information and resources for students, alumni, employers and faculty/staff. Click on the "Employers" link to review our services.

### Information Tables

One employer per day within the Fall and Spring semesters are invited to host a table in the student center and speak with students about their organization and opportunities (full- and/or part-time jobs, internships and volunteer).

### Information Sessions

Introduce your organization to our students and alumni. Technology is available for media presentations held in the Career Center resource room.

### Resume Collection

We will advertise your available position(s) and collect resumes from interested students and alumni for your review. Deadline dates are decided between the employer and Career Center staff. Employers can choose to arrange interviews directly with candidates at their office or we can help facilitate interviews on-campus.

### On-Campus Interviews

We provide space in the Career Center for employers to interview students and alumni. Our staff will coordinate and promote one-on-one or group interviews in a private setting, tailored to the recruiter's schedule. Employers may choose to pre-screen resumes before deciding to interview a candidate, in which case resume submission deadlines must be set well in advance of the interview dates. Also an "open" format is available where any interested candidate will be considered and interviewed.

### Advertising/Marketing

Our office provides a lengthy advertising campaign to advertise your presence on-campus. This includes ads in the weekly student-run newspaper, ads posted on various plasma screens around campus, monthly calendar sent to faculty/staff/administration, Blackboard (intranet-based) calendar announcements, postings on eCareerCenter, flyers and targeted emails.

### Site Visits

The Assistant Director will arrange a time to come to your facility at your convenience to discuss recruiting options.
