

YOUR STUDENT BILL

Your student invoice for the fall semester will be available in "E-Bill" form in early July. Look for an E-Bill notice, which will be sent to your College email address. You can also access your account online at bannerweb.strose.edu.

Your student billing is a reflection of your current registration, housing and financial aid status. Since all of these factors are subject to change, your student account balance may change as well.

1 Student Schedule - Freshman students should note that the schedule listed on the first student invoice is tentative, and may change once placement testing has been completed during orientation.

2 Semester Charges - Your semester charges will be itemized, and are based on your current registration and housing status.

3 Semester Credits - Payments received to date will be listed, including your tuition or tuition/room deposit.

4 Orientation Fee - This is a one-time fee charged during your first semester, to cover costs associated with orientation activities. The cost for freshman students: \$331.00; the cost for transfer students: \$115.00

5 Account Balance - This is your current account balance, prior to any pending financial aid, loans, outside-funded scholarships or scheduled payments.

6 Memos and Authorizations - This is a listing of pending loans, scholarships, monthly payments or other financial aid that we expect to receive on your behalf (please note that pending alternative loans will not be listed).

7 Amount Due - This is the amount that you will need to pay by the payment due date.
