- 2) 62 is the maximum number of credits allowed for transfer into The College of Saint Rose. All possible electives are listed in this agreement and the student, along with his/her advisor, should select the most appropriate courses to complete his/her degree while not unnecessarily exceeding the number of credits required for the A.S. degree. Students are encouraged to use their credits in *Electives* at Columbia-Greene Community College to fulfill liberal education requirements.

- 4) CJ 135 and CJ 141 will transfer to The College of Saint Rose but will not fulfill a major requirement. The transferred credits for these courses will count towards the 122 credit total required for the B.S. degree.
- 5) MAT 101 or MAT 104 or higher will fulfill the L07 liberal education requirement in mathematics at The College of Saint Rose. MA 102 Elementary Statistics will transfer to Saint Rose as SOC 288 and be applied to the major.
- 6) 62 is the maximum number of credits allowed for transfer into The College of Saint Rose.
- 7) A letter grade of C- or higher in each course is required for transfer into The College of Saint Rose. Any completed coursework with a grade lower than a C- will not be transferred.
- 8) This document is valid until the time which either party changes their respective program. At which point review/revision will be required.
- 9) The College of Saint Rose Transfer Equivalency Database and/or catalog should be consulted to ensure that selected coursework will fulfill the appropriate Liberal Education Requirements as designated by the "L0" next to the course credits.
- 10) The Transfer Equivalency Database is the most current tool to utilize when determining the transferability of credits into The College of Saint Rose. The Transfer Equivalency Database can be accessed by visiting the link below:
