

**Program Articulation Agreement between
The College of Saint Rose
and
Herkimer County Community College**

1. Purpose

This agreement between The College of Saint Rose and Herkimer County Community College provides the terms and conditions for students of Herkimer County Community College who have an Associate of Science degree in Childhood Education and seek admission by transfer to the Bachelor of Science degree in Childhood Education at The College of Saint Rose. Both parties will use their best efforts to minimize loss of credits and duplication of coursework.

2. Admission

Transfer students from Herkimer County Community College who have completed an Associate of Science degree and who have a cumulative grade point average of 2.5 are generally accepted. The College reserves the right to evaluate transfer student applicants who do not meet the 2.5 criteria on an individual basis.

3. Transfer of Credit

In evaluating the credentials of transfer candidates, the College makes every attempt to give maximum credit for college work completed at other institutions. Credit is given for all *education* courses in which a student has achieved a grade of C+ or above. For all other applicable courses, transfer credit will be granted for courses in which a student achieves a grade of C- or above. Credits transfer, but grades do not. A minimum of 122 credits are required for a Bachelor's degree. A maximum of 62 credits from other institutions will be accepted for transfer and a minimum of 60 credits must be completed at The College of Saint Rose.

4. Scholarships

The College of Saint Rose is committed to enrolling students with superior ability and proven achievement. To support our commitment, we award guaranteed academic transfer scholarships for two years to students who have achieved impressive grade point averages for all previous college work.

This agreement becomes effective on the date of signature by the representatives of the institutions contained within the agreement. The terms of this agreement may be modified or terminated at any time upon mutual consent of both institutions with appropriate notification. In the event it is decided to modify this agreement, commitments made to individual students already in the program will continue in effect in the terms applicable at the time the student enrolled in the program.
