

DegreeWorks: a dynamic interface for academic progress monitoring

- DegreeWorks is a web-based visual aid that tracks your academic progress to degree completion.
- For planning your registration, utilize DegreeWorks to review your academic record and monitor both completed and unmet degree requirements. DegreeWorks is dynamic and should be used in conjunction with your catalog.
- If you think there is an error on your DegreeWorks Worksheet, please speak with your faculty advisor first about the potential error, and if not resolved, please contact the Registrar's Office. You may stop in, email, or call us with questions.

To access DegreeWorks:

- Go to <http://www.strose.edu/>
- In the top right corner of the homepage click on **Gateways** and select **LOGIN**
- Next to "Secure Site" click on **Login**
- Click **Login to Secure Area**– type in your user/student ID and PIN
- Click on **Student & Financial Aid**
- Click on **Student Records**
- From this Student Records page you can click to view: holds, final grades, unofficial transcript, and DegreeWorks
- Click on **DegreeWorks** and your DegreeWorks Worksheet will open in a new window
- To print your DegreeWorks Worksheet, after it is open, click on the **Save as PDF** box which is just below the top tabs and hit Control P
